Government must press ahead with 'transformational' Heathrow expansion

GMB Union has reacted to the Transport Committee's report on the draft Heathrow Expansion National Policy Statement.

GMB is one of the largest unions at Heathrow, with members working in construction, ground handling, security, catering, cleaning, retail, and hospitality.

Alex Maguire, GMB Regional Organiser, said:

"Successive commissions, reports, and governments have come to the same conclusion: Heathrow needs expansion.

"Now it's time to get on and build it.

"The expansion will be transformational for the local area, generating thousands of jobs and apprenticeships to leave a skills legacy.

"It will also unlock opportunities nationally for British businesses and workers, not least our steel industry, which is a key national asset."
