PLYMOUTH TOPS THE SOUTH WEST LEAGUE WITH 6.4 UNEMPLOYED CLAIMANTS CHASING EACH JOB VACANCY

The number one political priority has to be securing a reduction in unemployment by creating jobs, by stimulating demand in the economy, not by cutting wages and shedding jobs says GMB

Richard Ascough Regional Secretary for the South West said **“The rise in unemployment since the recovery stalled was made in Downing Street.**

The truth is that jobs are haemorrhaging in the public and private sectors and no one in Parliament seems to know what to do to stop this.

There are parts of the region like Torbay in such despair that more than a quarter of households with people of working age have no one in work. The prospects for these are bleak since the number of unemployed workers chasing each vacancy across the region is even higher than shown. Across the UK there are 1.2 million unemployed who are not claimants.

The number one political priority has to be securing a reduction in unemployment by creating jobs, by stimulating demand in the economy, not by cutting wages and shedding jobs.”
