

Energy Price Cap rise 'underlines system is broken'

GMB has responded to the announcement today [Tuesday] that the energy price cap will rise. [1]

Andy Prendergast, GMB National Secretary, said:

“This increase underlines the fact the system is broken.

“We already have some of the highest energy costs in Europe.

“Further increases will hit both households and businesses.

“Today must act as a wake up call to Ministers: we must use our own resources rather than rely on increasingly expensive imports.”
