

Thames Water rescue must come with guarantees

GMB union has responded to lender [submitting a new rescue plan to prevent Thames Water from collapsing](#)

Gary Carter, GMB National Officer, said:

“Any turnaround plan has to guarantee jobs, pay, and pensions and clean up the environment.

“The workforce at Thames has kept it going through thick and thin.

“The onus is on the Government and Ofwat to ensure that the lenders invest in the workforce, assets and infrastructure.

"Employees at Thames have been through the mill and deserve certainty and security."
