

Have you had Covid-19? Report it

20 May 2020

In response to members concerns and enquiries, GMB and our law firm UnionLine have set up a risk register to enable you to log your details following a positive COVID-19 test.

[You can report your case here](#)

Individuals can complete this form to record their concerns about what has happened to them.

As with GMB's historic Asbestos Register, this Covid-19 Risk Register will put on the record members' concerns so there can be no dispute in the future about the level of risk they faced.
