

About GMB Scotland

07 Jan 2019

GMB is Scotland's campaigning trade union. Wherever you work, whatever you do, the protection, progress and prosperity of your working life, today and in the future, is our mission. We campaign for the interests of our members across many of Scotland's key economic sectors. From care to council services, gas and utilities to shipbuilding, whisky distilleries to the supermarket shop floor, you'll find GMB members at work.
