

Pay Justice Now!

11 Feb 2021

GMB is campaigning for pay justice and calls for a reversal of the sharp cuts to living standards experienced by local government and school staff since 2010.

While many workers have shifted to home working, the majority of local government and school staff have continued to keep our communities clean, look after those in need and keep our towns and cities running.

These workers are public service super heroes and after a decade of pay restraint it's time these workers were given a proper pay rise.

GMB is calling for a substantial increase with a minimum of 10% on all pay bands.
