

# Looking for your membership number?

15 Mar 2021

A membership number is given to every member when they join GMB and is personal to each member. It is a combination of six numbers with letter at the end - the letter at the end relates to the GMB region you are in.

## 1) On your membership card

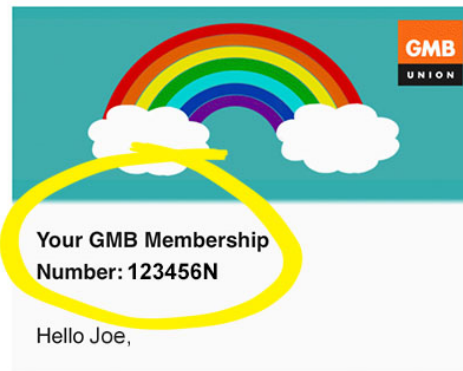

When you join GMB you are issued a membership card that gets delivered to your address along with your welcome pack within two to three weeks of your application being submitted.

## 2) In emails from GMB

When you receive emails from the union we will usually include your membership number in these. Often you will find your membership number at the very top in bold, but if not there then do check the footer of the emails as more often than not it will be included there. To find these emails in your inbox search 'hello@gmb.org.uk'.

You are receiving this email as a GMB Union member.

**Our mailing address is:**

GMB  
Mary Turner House  
22 Stephenson Way  
London, NW1 2HD  
United Kingdom

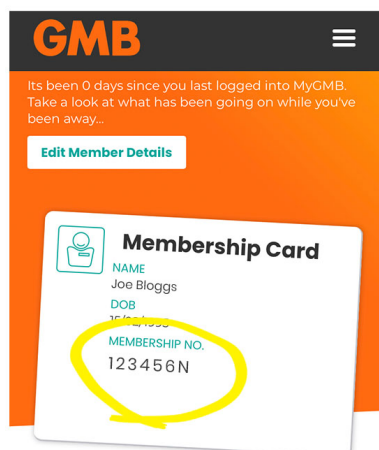

[Add us to your address book](#)

**Your GMB Membership Number:  
123456N**

[Click here to unsubscribe.](#)

### 3) In your MyGMB account

When you login to your MyGMB account you will find your membership number at the top of the page. If you joined online, you can login to your MyGMB account with the email address you used to join.

### 4) Contact your local team

If you can't find your membership number via any of the points above then we recommend you drop your local team a message - providing your full name, date of birth

and post code so they can find you on the system - or give them a call using the contact details on their page.
