07 Apr 2021

Our members in the NHS and ambulance service do hugely important work. We're campaigning for you to be recognised in your pay packets, and we want to show the world what you do and why we're so proud to represent you.

Will you share your story of what you do in your job? Why it matters to you and to all of us?

Share your story we so we can share it with the world.

Your Story: *

Tell the world what you do in your job, why it makes a difference and why you deserve pay justice. Not sure what to write? Here are some questions to think about: What has your experience been of working through the pandemic? How is it making you feel? What has been the effect on your life of 10 years of pay restraint? And what would a proper pay increase mean for you and your family?

Give us a smile!

So we can share your story we need a picture of you to help tell it. Ideally this would be a picture of you in your uniform (if that's allowed). Can't find someone to take the picture of you? Just take a selfie.
